

ABISHEK RESIDENTS' WELFARE ASSOCIATION

Annual General Meeting

02 August 2026 (Sunday), 10:00 AM — ARWA Auditorium

Sankaranarayanan B

Secretary, ARWA Management Committee

Business of the meeting

- 1 Approval of audited balance sheet for FY 2025-26
- 2 Appointment of auditor for FY 2026-27
- 3 Update on infrastructure refresh project
- 4 Proposal for increase in maintenance charges (towards increased security cost)
- 5 Formation of new management committee (2026–2029)
- 6 Other items with the consent of the Chair

Proxy registrations

Registered ahead of the AGM — 02 August 2026, 10:00 AM

Flat	Registered proxy	Relation to owner	Mobile
B2-1D	Kesavan Srinivasan	Brother	+9894752721
B2-9BC	Kasthuri Saravanan	—	9611725088
B5-6D	S. Jayaraman	Father	Same as owner
B4-7A	A. V. Nath	—	8248546978

Registration process: Proxy details — name, relation, and phone — emailed to the Secretary at abishekwelfare@gmail.com, at least one day before the meeting.

01

OF 6

AGENDA ITEM

Approval of audited balance sheet

FY 2025-26

FY 2025-26 financial snapshot

Final audited figures — signed by K R G G & Associates (Auditor's Report, FY 2025-26)

₹75.01L

Maintenance
Collection

₹76.28L

Total
Expenses

-₹1.27L

Shortfall
(before interest)

Bridged by interest income — not a real operating surplus

The ₹1.27L shortfall, plus the full ₹6.89L “surplus” shown in the books, both come from the ₹8.17L interest earned on Corpus/FD deposits — **money meant for capital expenditure (Infrastructure Fund), not routine maintenance.**

We are effectively financing routine maintenance from capital reserves, every year.

The cash-flow gap at quarter boundaries

Salaries and AMC bills fall due before that quarter's collections are even in

How collection is due

Most members pay quarterly — due by the 7th of the first month of each quarter (e.g., 7-Oct for the Oct–Dec quarter). **A few pay monthly instead of quarterly.**

Salaries & AMC
bills fall due

Collection
due date

Expenses due, but full collection not in yet

Bridged the same way, every quarter

We've been “borrowing” from interest income to cover this buffer too — **the same capital-expenditure reserve flagged earlier (Item 1)**. A dedicated maintenance buffer would remove the need for this every quarter.

Audit observations — Annexure A

From the Auditor's Report on FY 2025-26 accounts — K R G G & Associates

TDS deduction delay — 5 payments (₹3,742 total)

G. Vaithiyalingam ₹827 • Balaji ₹1,080 • Friends Fire Care ₹750 • Prakash ₹620 • Sugumar ₹465

Since corrected — TDS deducted & remitted after the audit flagged it. PAN still pending for some deductees (except G. Vaithiyalingam, Friends Fire Care).

Labour payments without supporting bills

₹2,99,154 paid to individual workers (plumbing / civil / electrical) with only payment acknowledgements on file — no bills or invoices. TDS was not deducted on some of these payments.

ESI applicability — to be evaluated

Association employed more than 10 workers during FY 2025-26. Advised to assess ESI Act applicability, and register & comply if it applies.

Action for FY 2026-27: Deduct & remit TDS at the time of every applicable payment — not after the fact. Collect vendor / worker PAN upfront.

Item 1 - Approval of Audited Balance Sheet — Vote

Vote: audited balance sheet

Members' approval required to adopt the FY 2025-26 accounts

VOTE

Resolution

Resolved that the Audited Balance Sheet and Statement of Accounts for FY 2025-26, as presented, be and is hereby approved and adopted.

FOR

AGAINST

ABSTAIN

Show of hands or e-ballot — Chair to record the result

02

OF 6

AGENDA ITEM

Appointment of auditor

FY 2026-27

Auditor for FY 2026-27

Current auditor

K R G G & Associates

(Krishnan Ramaseshan & Associates)

Reappointed for continuation at the Nov-2025 AGM — members expressed satisfaction with performance & expertise

Proposal

Propose reappointment of K R G G & Associates for FY 2026-27, subject to committee confirmation of terms and audit fee for the year.

03

OF 6

AGENDA ITEM

Update on infrastructure

refresh project

Funding status

₹59.20L

Total funding target

148 flats × ₹40,000

₹20,000

1st installment

due 07-Jan-2026

₹20,000

2nd installment

due 15-Apr-2026

Penalty history

- 1st installment (Jan-2026): collected — no late fee applied
- 2nd installment (Apr-2026): penalty imposed after announcement, later revoked — individual email notice (a legal requirement) hadn't reached all members

✓ Collection status: complete except one member

All flats have paid both installments in full — except B4-3B and B4-3C, where neither installment has been received.

Project-wise status

Project	Spends until July 2026	Status
Fire Fighting Water Line replacement	₹26.11L	✓ Work completed
Bore Water pipes → UPVC (all blocks)	₹1.96L	Block 5 – A, C and D wings completed
Stoner Pipe replacement (350m projected)	₹4.36L	133 mtrs replaced
Total spends so far	₹32.43L	
Expected expenses (FY2026-27) for remaining UPVC and Stoner Pipe replacement	~ ₹20L	

Sequencing logic

Stoner Pipe work waits until Bore Water → UPVC finishes, so residents aren't facing two common-area disruptions at once.

EV charging station — revised budget

Supersedes the ₹1L infrastructure-only approval from Nov-2025 AGM

₹1L

Nov-2025 AGM

infrastructure only — unit assumed free

₹2L

Proposed now (ceiling)

unit + infrastructure — per vendor quote

What changed

- Nov-2025 AGM approved ₹1L for supporting infrastructure only — the charger unit itself was to be supplied free by the vendor, cost recovered through per-use charging fees
- That free-unit scheme is no longer available, and unit cost has also fallen — now under ₹1L on its own

Ask: approval to spend up to ₹2,00,000 — unit + underground cabling + connection

Location: one slot in the Visitor Car Park, on the exit ramp

Other infrastructure projects — planning ahead

Info-sharing for now — no funding ask at this AGM

Overhead tank water filtration

Filter incoming water before it fills the overhead tank, to cut down sediment entering the system.

Timing: to be revisited after the Bore Water → UPVC pipe replacement completes — to see how much sediment still gets through post-UPVC before finalizing the filter scope.

Also flagged for future planning

- Waterproofing — lift pits, electrical rooms, offices
- Paver block relaying — common areas
- Building exterior & common-area painting
- Column Corrosion repairs
- Duct Plastering work
- Block 3 flush tank water proofing
- Terrace floor plastering
- Drainage chamber cleaning
- Metro sump motor
- De-watering submersible pump
- Borewell flushing
- Apartment Name board

Resident database & notice automation

A quieter infrastructure project — fixing how we reach members in the first place

Why this came up

Outdated contact details on file meant individual email notice — a legal requirement — didn't reach all members before the 2nd Infrastructure Fund installment penalty was imposed. **This was a direct factor in the committee's decision to revoke that penalty.**

1

✓ LIVE

Database refresh

Google Form sent to all members. 147 members in DB. 1 email still missing (B4-10B).

2

✓ LIVE

Payment receipts

Live since 1 June 2026. April backlog cleared — receipts sent individually to each member/tenant

Reduced payment confirmation anxiety

3

✓ LIVE

Individual notices

This AGM notice was the first sent by individual email. Expected to be regularized going forward

04

OF 6

AGENDA ITEM

Proposal for increase in maintenance charges

Where we stand today

₹3.25

per sq.ft / month

current rate

1,91,815

sq.ft

billable area

148

flats

4 blocks

The problem

- Expenses growing ~7–8% a year
- Maintenance collections — not keeping pace
- FY 2025-26 (audited): receipts already short of expenses
- New security agency adds further pressure

Item 4 - Proposal for Increase in Maintenance Charges 2/9

Collection vs. expense, over time

Six years, one pattern — expenses have outrun collections most years

Item 4 - Proposal for Increase in Maintenance Charges 3/9

Expenditure breakdown by category

Security is one driver among several — AMC/Utilities and other operating costs have grown too

■ Collection ■ Security ■ AMC & Utilities ■ Other Staffing ■ Other Operating ■ Interest

What's driving each category

Two categories worth a closer look — both look flat historically, for different reasons going forward

Security — flat, then a step change

Current Agency – No man power, security working double shifts (16 hours at a time), violating labour laws, personal not alert. One reason – No increase in cost - ₹11.8L → ₹12.0L over 3 audited years — barely moved.

New Agency will be professional security - used by businesses/corporates. Jumps to ~₹20–22L once the new agency starts — a one-time reset, not a trend (see the security timeline earlier in this section).

AMC & utilities — flat, but due to rise

₹13.1L → ₹15.9L over 3 audited years. **Expect further increases** from AMC contract renewals and TNERC's CPI-linked power tariff hikes (capped 6%/yr; historically 2–5%).

TNERC's CPI-linked tariff order (2022) revises rates every 1-Jul, capped 6%/yr (actual: +2.18% '23, +4.83% '24, +3.16% '25). State currently absorbs the hike for domestic connections; ARWA's common-area supply may not qualify. A successor TNERC framework (draft, through FY2031-32) suggests revisions continue past 2027 — not confirmed to be the separate central UDAY DISCOM-relief scheme.

Two dates, one plan

Security setup isn't tied to billing cycles — the rate change is

1 SEPTEMBER 2026

New security agency starts

5 personnel × ₹23,000 + 18% GST
+ Chandran & Amutha in-house

Cost jumps ₹1.20L → ₹1.71L / month

1 OCTOBER 2026

New maintenance rate starts

Aligned to the Oct–Dec quarterly
collection cycle

Can't bill a new rate mid-quarter

One-month bridge — September

New security cost, old maintenance rate → shortfall of ~**₹1.1L for that one month**. Bridged from reserve — a one-time, one-month gap only.

The proposed rate

Effective 1 October 2026 — first billing at the new rate is the Oct–Dec quarter

PROPOSED

₹4.25

per sq.ft / month

from 1 Oct 2026

+31% over current

Rate	FY26-27 (Oct start)
₹3.75	Short by ₹11.2L
₹4.00	Short by ₹6.1L
₹4.10	Short by ₹4.1L
₹4.25 (proposed)	Short by ₹1.1L

Break-even (Oct start): ~₹4.30/sq.ft • ₹4.25 falls just short in FY26-27 alone

No corpus / FD interest credited — reserved for the infrastructure fund, not routine maintenance.

Item 4 - Proposal for Increase in Maintenance Charges 7/9

One rate, two years

₹4.25/sq.ft doesn't just cover FY26-27 — it holds through FY27-28 too

FY 2026-27

(costs: full year • collection: Oct–Mar only)

Required (expenses): ₹87.38L

Maintenance collected: ₹86.32L

+ Interest earned (FYI): ~₹6.64L — not counted, reserved for infra fund

Shortfall (maintenance only): –₹1.1L

Runs a small deficit — collection only 2 quarters at the new rate, audited FY25-26 costs came in with higher depreciation than drafted

FY 2027-28

(costs: full year • collection: full year)

Required (expenses): ₹94.24L

Maintenance collected: ₹97.83L

+ Interest earned (FYI): ~₹6.64L — not counted, reserved for infra fund

Surplus (maintenance only): ₹3.6L

Comfortable — opex +8%, agency +8%, in-house staff +5%, fully covered with room to spare, and offsets the FY26-27 gap

Security's share of the pie

A one-time step change, not a rising trend — then it stabilizes

Jumps ~5 points with the agency switch, then holds steady — not a runaway cost.

GST impact — 4 penthouse flats

GST @ 18% applies once maintenance reaches ₹7,500/month — shown here as the quarterly bill residents actually pay

Flat	Sq.Ft	Current @ ₹3.25	New (excl. GST) @ ₹4.25	GST @ 18%	New Total (incl. GST)
Block 2 — 9AD	2,102	₹20,494	₹26,800	₹4,824	₹31,625
Block 2 — 9BC	2,165	₹21,109	₹27,604	₹4,969	₹32,572
Block 3 — 9AB	2,134	₹20,806	₹27,208	₹4,898	₹32,106
Block 3 — 9CD	2,259	₹22,025	₹28,802	₹5,184	₹33,987
Total (4 flats)		₹84,435	₹1,10,415	₹19,875	₹1,30,290

Only these 4 flats are affected — all 4 are currently just under the ₹7,500/month threshold; the new rate pushes every one over it.

Amounts shown are per quarter (billing cycle) — the ₹7,500 GST threshold itself is a monthly figure.

Vote: maintenance charge revision

Members' approval required to revise the maintenance rate

VOTE

Resolution

Resolved that the maintenance charge be revised to ₹4.25 per sq.ft per month, effective 1 October 2026.

05

OF 6

AGENDA ITEM

Formation of new management committee (2026–2029)

Committee formation — result

Milestone	Date
Nomination deadline (extended)	— 2026
Nominations received	4 (unopposed)
Result announced (WhatsApp)	27 Apr 2026
New term begins	Jul 2026

No election needed — nominations did not exceed the 9 open positions, even after extending the deadline.

Members elected unopposed

Election Officer

M. S. Prabakaran

Block 2, Flat 2A

- 1 ~~Mr. K. Chandrasekaran~~ *Withdrawn* Block 4, Flat 10A
- 2 **Mr. B. Sankaranarayanan** Block 5, Flat 3C
- 3 **Mr. T. Sriram** Block 5, Flat 9A
- 4 **Mrs. V. Uma Maheswari** Block 2, Flat 4A

Mr. K. Chandrasekaran has since withdrawn (personal reasons) — 6 of 9 positions now vacant. Committee to decide whether to co-opt, re-open nominations, or proceed with 3.

New member proposals

Filling the remaining vacant EC positions for 2026–2029

6 of 9 positions are still vacant.

Members may propose names for the vacant Management Committee positions from the floor — nominees present or represented by proxy will be recorded for the Chair's consideration.

06

OF 6

AGENDA ITEM

Other items

With the Consent of the Chair

Sewerage line appeal

Sewerage line appeal — no change in status

- S. Rajagopalan (friend of Mr. Balachandar, B3-6C) has agreed to assist with the appeal on the Association's behalf
- We are coordinating with the lawyer to get the matter listed for judgement
- No change in the appeal's status since the last update

Mandatory waste segregation — Chennai Corporation

New compliance requirement, effective immediately

We are classified as a “Bulk Waste Generator”

Per Chennai Corporation's classification, mandatory wet/dry waste segregation and separate collection is now required.

No more mixed-waste dumping on the road

Dumping mixed waste in Corporation bins on the road now risks a penalty.

Implementation — details awaited

Segregation and collection details are being worked out and will be shared shortly.

Corporation Zonal Officer

May address members towards the end of this AGM, subject to availability.

₹5.10 லட்சம் அபராதம் வசூல்!

சென்னையில் குப்பைகளைத் தரம் பிரித்து வழங்காத அடுக்குமாடி குடியிருப்பாளர்களிடமிருந்து இம்மாதத்தில் மட்டும் ₹5.10 லட்சம் அபராதம் வசூல். குப்பைகளை பச்சை, நீலம், சிவப்பு, கருப்பு தொட்டிகள் மூலம் குப்பைகளைப் பிரிப்பது கட்டாயம். மக்கும் கழிவுகளை அடுக்குமாடி வளாகங்களிலேயே உரமாகவும், இயற்கை எரிவாயு நிலையங்கள் மூலம் பதப்படுத்துதல் அவசியம். - சமீரன், சென்னை மாநகராட்சி ஆணையர்

Any other item to be discussed?

Open floor — with the Chair's consent

No other items are tabled in advance.

The floor is now open — any member may raise an additional matter here, with the Chair's consent.

Thank You

For your participation and continued support to ARWA

Sankaranarayanan B

Secretary, ARWA Management Committee

If the rate were ₹4.00 instead

Same cost base, same timing (Sep security / Oct rate) — only the rate changes

“Collected” below = maintenance revenue only. Interest ~₹6.64L/yr (both scenarios) is excluded — reserved for infra fund.

	Required (expenses)	Maint. Collected @ ₹4.00	Result @ ₹4.00	Maint. Collected @ ₹4.25	Result @ ₹4.25
FY 2026-27	₹87.38L	₹83.44L	–₹3.94L	₹86.32L	–₹1.06L
FY 2027-28	₹94.24L	₹92.07L	–₹2.17L	₹97.83L	+₹3.59L
+ Interest (FYI)	not required	~₹6.64L/yr	not counted	~₹6.64L/yr	not counted

Both rates run an FY26-27 deficit on maintenance alone — ₹4.25 is far smaller

- FY26-27 shortfall: ₹3.94L at ₹4.00, vs ₹1.06L at ₹4.25 — the latter is close to the ₹1.1L September bridge already covered from reserve
- FY27-28: ₹4.00 still short by ₹2.17L; ₹4.25 turns a healthy ₹3.59L surplus
- ₹4.00 would need reserve draw-down or a further increase within 2 years; ₹4.25 needs only a one-year, one-time reserve draw

This is why ₹4.25, not ₹4.00, is proposed — its FY26-27 gap is small and one-time; ₹4.00’s is not.
